Respondent 010	6/18/2024		Yes	In Person	Yes	Yes	En cuanto a lo de la mudanza de la clínica, me parece muy bien, porque para mí como vivo cerca, entonces me quedaría más cerca del lugar donde yo vivo para transportarme, además que en la clínica donde llevo mis niños está ahí mismo, entonces ya no tendría que andar en diferentes lugares por mi cita y por mis hijos. Entonces ya así puede hacer citas como para el mismo día, porque estarían en el mismo lugar, solo que trataría de acomodar las horas para la cita de los niños y tanto para las mías. /Translation: As for moving the clinic, it seems very good to me, because for me, since I live nearby, then I would stay closer to the place where I live for transportation, plus the clinic where I take my children is right there, so I would no O R Q J H U K D Y H W R J R W R G L I H U H Q W S O D F H V I R U P \ you can make appointments for the same day, because they would be in the same place, only that I would try to accommodate the times for the children's appointment and both for mine.

Respondent 014	6/26/2024	public health experts	Yes	Zoom interview	Yes	Yes	You know, I appreciate that the state and the facility is asking our opinion in the 1st place and I also appreciate in this particular instance, that you know the co-locating of the 2 practices together, and the thoughtfulness of the location, is just like, this is a best case scenario, I think, for any move that might take place. You know it's not moving too far. It's added value. And I just think, I appreciate that NYU has taken the time, I'm sure they thought this out and someone planned it out this way, and I think it's great.
